Yes, these are the most frequently expressed questions in my work as Life Empowering Coach - eight out of ten women have the same problem at home, at work, and even during their leisure time. No matter where they live around the globe. This has got to change! And here's HOW.

*** HOW you can** re-energize your Self for abundant Success of any kind such being more effective at work, knowing when to remove yourself from a situation, improve skills benefiting your business;

* **HOW you'll** use Your newly found Self-Awareness with inner Strength for problem solving, finding solutions and life improvement skills;

Emotional Freedom, begin living without guilt, shame, blame-defeating those disabling feelings

This WOMEN'S ROUNDTABLE, Self-Value & Empowerment

class was modeled on the monthly gatherings in my community; and- on the Sedona Soul Tours I provide. In any case, it was created for you to recognize that you do not have to live in fear, constant caution, and with feelings of inadequacy. The entire "Women's Value & Empowerment" project has been created especially for women of all ages. And for those men who cherish and respect their own femininity.

I've helped countless people from around the globe, and love to help you. It is a practical look at *Self*, at possibilities you can embrace to begin the change and transform yourself into a self-assured, self-empowered and strong, enlightened female.

Yes, you can achieve those things you're dreaming about and of. Give yourself the gift of daily attention, check out the lectures, practice and repeat them and take notes; especially when you experience an 'aha' moment. You ask why? Well, very simple: so you remember to repeat it over and over again until it becomes a habit and part of you!

Thank you for your trust.

See you in Class for the "*Women's Roundtable, Self-Value & Empowerment*"
